

Safety Data Sheet

(According to 2006/1907/EC)

1. Identification of the Substance/Preparation/Company

Product details

Trade name: Sealing Wax

Product type: for wax sealing use.

Manufacturer /Supplier:

AB Alrik Hedlund
Mölnadalsvägen 95, 412 63 Göteborg,
Sweden
Tel +46 31 720 09 00
<https://www.hedlundgruppen.com/>

Further information obtainable from:

Technical service Stacy Liu
TEL.: +46 31 720 09 08

2. Hazards identification

The preparation isn't classified hazardous according European regulation

- Emergency overview

Caution! May be harmful if swallowed or inhaled. May cause irritation of skin, eyes, respiratory organs or gastrointestinal organs.

- Primary routes of exposure
: Eye contact / Skin contact / Inhalation / Ingestion

3. Composition /information on ingredients

Chemical characterization

Mixture of the following substances

Description : Mixture of substances listed below with nonhazardous additions

Components:				
Common name	CAS	EINECS/ELINCS	Classification	Cone.
Paraffin wax	8002-74-2	232-315-6	Non-dangerous	50%
Ethylene-vinyl acetate copolymer	24937-78-8	429-840-1	Non-dangerous	17%
Calcium carbonate	471-34-1	207-439-9	Non-dangerous	30%
Pigment Red 49:1	1103-38-4	214-160-6	Non-dangerous	3%

Additional information :For the wording of the listed risk phrases refer to section 16.

4. First –aid measures

Inhalation: Move the affected person away from the contaminated area and into the fresh air

Skin contact: Immediately wash and rinse with plenty of water

Eye contact: Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15 min. minimum) Always refer to an eye specialist, even if there are no mediate symptoms.

Ingestion: Never attempt to induce vomiting . Call a doctor immediately

5. Fire –fighting measures

Suitable extinguishing media: Dry chemical,Carbon dioxide (CO2). Alcohol-resistant foam. Powders

Not suitable extinguishing media:Do not use a solid water stream as it may lead to liquid splash and hurt firefighters.

Specific hazards: No further relevant information available.

Specific fire fighting methods: Do not attempt to fight the fire without suitable protective equipment may intervene

Protection of fire-fighters: Self-contained breathing apparatus Complete protective clothing

6. Accidental release measure

Personal precautions: Avoid contact with skin and eyes .Do not breathe vapour; Do not smoking..

Environmental precautions: Do not discharge into drains and rivers

Methods for cleaning up:

Neutralization: Absorb spillage with: inert absorbent material earth or sand

Cleaning/decontamination: Wash non-recoverable remainder with large amounts of water

Disposal: Dispose of contaminated materials in accordance with current regulations

7. Handling and storage

HANDLING

Precautions: Ensure good ventilation/exhaustion at the workplace. Keep away from heat and direct sunlight .Prevent formation of dust.

Information about protection against explosions and fires:Keep ignition sources away--do not smoke, keep respiratory protective device available.

STORAGE

Storage conditions:

Recommended: Store: in a cool, well-ventilated area, store away from foodstuffs.store away from flammable substances.Do not store together with oxidizing and acidic materials.

8. Exposure controls / personal protection

Engineering measures: Ensure good ventilation of the work station .Extraction to remove vapours at their source

Personal protective equipment:

Respiratory protection: In the event of insufficient ventilation:;Suitable breathing apparatus

Hand protection: Impermeable protective gloves

Eye protection: Safety spectacles

Skin and body protection: Suitable clothing

Collective emergency equipment: Eye fountain .Safety shower

Hygiene measures: Do not drink, eat or smoke in the workplace

9. Physical and chemical properties

General Information
Form : Solid
Colour : red
Odour : odorless
Melting point freezing point (°C): >70
Auto-ignition temperature (°C) : 340
Flash point (closed cup, °C) : above 260
Danger of explosion : product does not present an explosion hazard
PH: not available
Vapour density (air=1): not available
Solubility
in water : insoluble in water
in organic solvents: not available

10. Stability and reactivity

Stability: Stable at ambient temperature and under normal conditions of use

Hazardous reactions:

Conditions to avoid: No further relevant info available

Materials to avoid: No further relevant info available

Hazardous decomposition products: No dangerous decomposition products known.

11. Toxicological information

Acute symptoms: On ingestion: Nausea., Vomiting., Central Nervous, System depressant ,
On inhalation: Dizziness, Headaches

Local effects: Repeated or prolonged contact may cause slight irritation to the skin,

Eye contact: May cause severe ocular lesions **Further information: Not available**

12. Ecological information

ECOTOXICITY: No further relevant info available

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

13. Disposal considerations

WASTE FROM PRODUCT:

Destruction/Disposal: Dispose of in accordance with relevant local regulations

CONTAMINATED PACKAGING:

Destruction/disposal: Destroy at an authorized site

NOTE: The user's attention is drawn to the possible existence of specific European, national or
Local regulations regarding disposal

14. Transport information

International regulations: Not regulated

15. Regulatory information

The product is not classified in accordance with European Regulation on hazardous substance: Directive 67/548/CE 30^{ème} adaptation and on hazardous preparations: Directive 2006/8/CE

NOTE: The regulatory information given above only indicates the principal regulations specifically applicable to the product described in the MSDS

16. Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
